I love working in a team because I value interpersonal relationships and connecting with people. Hardworking environments make me excel because it's rare for me to crack under pressure. Speaking two languages fluently is something I pride myself on, I'm open to learning and I learn quickly which helps me improve as a person and as an employee.

Personal Details

Work Experience

Student Mentor

Falmouth University - Penryn

August 2021 to Present

I'm a volunteer student mentor helping new arrivals to Falmouth University get settled here and meet new people. I am also there for them if they have any problems or questions.

Digital Experience Student Consultant

Falmouth University - Penryn

October 2020 to August 2021

I help with the student feedback on university websites and stores. I also suggest new features and help solving problems that arise.

Voluntary Worker

Warsaw Business Run

September 2017 to September 2017

I worked as a volunteer helping people sign up to the race, hand over their tags and numbers. I also helped other volunteers with their jobs. I learned how to work in a team. Because it was a big event I also got some experience in working under stress.

Education

Bachelor's in Game Development

Falmouth University - Falmouth

September 2020 to Present

A-Level or equivalent in Computer Science

Bednarska Real School - Warsaw, mazowieckie

September 2016 to June 2020

Skills

- Great communication and discipline - One of my hobbies is gaming in which I played semi-professionally for some time, that taught me to communicate with my teammates and keep up a routine to learn and train
- Quick adjustment to new environments - During school exchange programs I learned how to adjust to new places and meet people from different cultures.
- Technical support - I'm used to working with technology thanks to my high-school course and now my university course. I quickly learn how to operate different systems and machines.
